The origin of World Cat can be traced back over a quarter of a century to the beginning of our Glacier Bay boats in America’s Pacific Northwest. Today, World Cat is the largest manufacturer of power catamarans in the world. Located in Tarboro, NC, our boats are precision-crafted in a state-of-the-art 140,000 sq. ft. facility.

Thousands of customers across the globe can be found enjoying the quality and comfort of a World Cat. From the Great Lakes to the Gulf Coast, from entertaining at the dock to navigating the deepest waters, you’ll find World Cat boats delivering a better boating experience. From dual console to center console, cabin models and sun deck models, there’s a World Cat that’s right for you.

YOU CAN FIND A WORLD CAT CATAMARAN VIRTUALLY ANYWHERE.
FROM THE SOUTH PACIFIC TO SIBERIA
If you’re a boater, you know about the pounding, slapping, exhausting ride of a monohull boat. At World Cat, we create boats that put an end to all of that abuse. By bringing you the smoothest, most stable ride possible, we make boating better for you, your family, and friends. With a World Cat, you can spend more time on the water, venture out in conditions that would keep most boats secured at the dock, go greater distances, and come back with more energy and fewer bruises.

You get all of that comfort without sacrificing power or performance. Whether it’s any of the complete World Cat line, or one of our Glacier Bay Edition boats, we give you more ways to cruise, fish, dive, and explore the water world around you.

WHY DO BOATERS CHOOSE WORLD CAT?

QUITE SIMPLY, WE OFFER A BETTER WAY TO BOAT™.
When it comes to delivering a better boating experience, a World Cat boat beats a monohull two to one. That’s because the catamaran design of a World Cat helps to eliminate the pounding, slapping, and jarring you get from running a monohull boat. Instead, you get a smoother, gentler, more stable ride in virtually any condition.

That means you can enjoy being out on the water longer, going farther, and coming back without the bumps, bruises and physical exhaustion you get with a monohull. But, that’s just the beginning.

Consider some of the key advantages of owning a World Cat:

- A soft ride with high-speed performance
- More stability at rest
- Greater handling in all kinds of seas
- Shallower draft for traveling in ‘skinny’ waters
- Greater load-bearing capabilities
- More usable deck space
- The ability to fish off the side without listing
- Superior get-home capability
- Easier docking and maneuverability
- Greater fuel economy
- Higher resale value
DESIGNED TO DELIVER SMOOTHNESS, STABILITY, AND SPEED

WORLD CAT HULLS

If you’re looking for speed, you’ll find it with this design. By employing a flatter V-bottom surface, you get on plane quicker for maximum speed. This design delivers racercar-like performance. And, while traditional monohull boats slam you hard when coming down, this action is greatly reduced in a World Cat power catamaran. Which means less abuse and more control for you.

This design offers a softer ride, and has unique handling characteristics, which its thousands of satisfied owners swear by. Its unique design provides outstanding seaweeding and a soft ride by keeping larger sections of the hull in the water for maximum stability while underway. Its balance of hull buoyancy and dynamic lift reduces drag and increases efficiency.

PLANING HULLS
USED IN OUR WORLD CAT BOATS

SEMI-DISPLACEMENT HULLS
USED IN OUR GLACIER BAY EDITION BOATS
Our unique VectorFlo® hull design is the key to World Cat’s smoother, softer, faster, and drier ride. This engineering innovation combines air and water at the scoop-shaped bow and channels the mixture into the tunnel between the twin hulls. A Vector Pod, forward in the hull, helps to break up incoming water, creating aeration and reducing friction. As the mixture passes through the narrowing tunnel channel, it increases velocity, while decreasing forward pressure and drawing the aerated water and spray aft through the tunnel.

- The rapidly moving aerated mixture forms a water-cushioned suspension between the hulls and beneath the boat’s tunnel.
- You get a softer ride, improved stability, and enhanced fuel efficiency.
- Because the aeration increases in rough seas, the cushioning effect becomes more evident the worse conditions get.
BUILDING A BETTER WAY TO BOAT™

MANUFACTURING EXCELLENCE

When designing our hulls, we not only take into account the hydrodynamics of hull shape, but the friction-reducing VectorFlo® tunnel shape, and the precise shape and size of planing surfaces—all while balancing weight and strength for optimal performance.

For structural integrity and precise fit, hulls and decks are designed using the most sophisticated CAD/CAM 3D modeling software (which was also used to develop the Mars Rover). Once a design is near completion, a full-scale mock-up is built so that user ergonomics can be evaluated and final adjustments made.

When the design is finalized and signed off, every part is computer modeled and then precision tooled.

START WITH THE BEST DESIGN

All of our boats are built in our state-of-the-art facility in Tarboro, North Carolina. Here’s a brief overview of how the smoothest riding boats in the world are built, a process that requires many steps from idea to water.

This complex process, only briefly described here, is a combination of the latest technology matched to the experience and skill of some of the best engineers and craftsmen in the industry. While our boats reflect only the highest quality, we are constantly seeking out and finding new ways to drive our quality ever higher.

START WITH THE BEST DESIGN

• When designing our hulls, we not only take into account the hydrodynamics of hull shape, but the friction-reducing VectorFlo® tunnel shape, and the precise shape and size of planing surfaces—all while balancing weight and strength for optimal performance.

• For structural integrity and precise fit, hulls and decks are designed using the most sophisticated CAD/CAM 3D modeling software (which was also used to develop the Mars Rover).

• Once a design is near completion, a full-scale mock-up is built so that user ergonomics can be evaluated and final adjustments made.

• When the design is finalized and signed off, every part is computer modeled and then precision tooled.

GIVE IT SHAPE AND FORM USING THE BEST MATERIALS

We use only the highest quality materials, which need to balance weight, strength and durability.

To create a smooth, durable hull exterior we use the highest quality gel coat and apply a 100% vinylester barrier coat to the mold. The gel coat provides a beautiful surface that will last for years, and the barrier coat protects against any blistering.

Bi-directional and tri-directional knitted fiberglass cloth is applied onto the mold by hand to assure a stronger, more durable laminate.

We fabricate structural bulkheads and stringers from high-density composite materials impervious to water absorption and rot.

For enhanced flotation and sound and thermal insulation, strategic cavities are filled with foam after the stringers and bulkheads are glassed into the hull.

Our hardware is fabricated from 316 marine-grade stainless steel to better withstand the saltwater environment.

PROCESS

• Veteran craftsmen, many with more than two decades of experience, work to transform ideas and materials into the smoothest riding boats on water.

• We hand-polish each mold to a high-gloss before applying the exterior gelcoat.

• A specially calibrated mix of fiberglass and resin is strategically laid into the mold in layers, interspersed with careful hand-rolling of the surfaces to expel any excess air and to ensure a solid bond.

• Once the hull is removed from its mold, craftsmen begin installing through-hulls, rod holders, wash, heats, windshields, and all of the other elements of a World Cat boat.

• Polystyrene foam core, bilge pumps, plumbing, electrical, and other key systems are tested and installed, and the hull and deck are securely bonded together.

• Heavy-duty and oversized welded aluminum frames secure fiberglass hardtops and T-tops as the boat takes its final shape.

• Engines and connections are then installed and tested at the factory.

• Finally, before leaving the factory, each boat is given a detailed, thorough inspection, making sure that not only are all components properly installed and operational, but that the fit and finish are flawless.

IDEAL FOR SERIOUS FISHING IN SKINNY OR DEEP WATERS

SPECS

Length: 22’ 7”
Beam: 8’ 6”
Draft: 9”
Fuel Capacity: 89 gal (2 x 44.5 gal)
Dry Weight: 4,000 lbs
Max HP Rating: 230 HP (2 x 115 HP)
Livewell Capacity: 30 gal

HIGHLIGHTS

• Exceptionally shallow 9” draft
• Offshore Capability
• High-performing 23’ hull

*Measured keel to top of fiberglass hardtop with no outriggers or electronics installed (not including motor)
FEATURES

Hull
• Self-bailing, non-skid fiberglass cockpit liner
• Below-deck rigging tubes for electronics & additional equipment

Bow
• Heavy-duty rub rail w/ S.S. insert
• Below-deck rigging tubes for electronics & additional equipment

Helm
• Tilt-helm steering
• Acrylic windshield
• Powdercoated aluminum leaning post w/ cushioned seat, rocket launchers, & cooler space
• Single ram hydraulic steering w/ a 15.5ʺ S.S. steering wheel & power knob
• Yamaha pre-rig includes dash instrumentation w/ Yamaha Command Link® multi-function gauge
• Electronics mounting area for a 12ʺ screen
• Premium marine entertainment system w/ integrated grab rails
• Yamaha Command Link® multi-function gauge
• 2-shield storage system under the helm

Bow
• Bow storage under center seat
• Port & starboard forward 150 qt. insulated fish boxes w/ overboard drains
• Bow area cushioned seating for 5 adults w/ integrated grab rails
• Through-bolted S.S. 8ʺ cleats on deck
• Through-bolted S.S. bow eye

Hull Colors
• Full-hull or two-tone hull color
• Fighting Lady Yellow, Tanglewood Tan, Platinum Gray, Ice Blue, Petrol Blue

Bootstriping
• Single color top & bottom: Dark Red, White, Black, Dark Blue, Stardust, or Teal
• Multicolor: Stardust (top) & Black (bottom)

Options

Engine Packages
• Yamaha 115 HP 4-strokes (twin counter-rotating engines, rigging, controls, S.S. props)

Accessories
• Heavy-duty, S.S. lifting eye
• Edson satin-finish steering wheel w/ power knob & nut

Electronics
• Stereo upgrade – JL Audio 800W Amp, (4) speakers upgraded to 6.5ʺ JL Audio M-Series speakers, & (2) additional 6.5ʺ M-Series speakers
• Single Garmin GPSMAP® 8610xsv 10ʺ multi-touch widescreen Chartplotter / Sonar Combo, Airmar B150M transducer, dark-tinted acrylic dash, & 110 VHF w/ 8’ antenna

OPTIONS

Engine Packages

**FEATURES**

**Bow**
- Lewmar® free-fall windlass for bow pulpit
- Wired, chain, & aluminum anchor
- Dual anchor lockers w/ molded in bow pulpit
- Low-profile 316-grade S.S. grab rail
- Port & starboard cushioned bow seating for 4 adults
- (4) S.S. cup holders recessed in the bow
- Insulated & lockable 125 qt. port & starboard storage fish boxes / coolers w/ overboard drains

**Head**
- Oversized walk-in changing area w/ large entry door, LED light, & solar ventilation port light
- Marine head w/ 15 gal. holding tank & overboard discharge
- Ergonomic dash layout capable of a 10ʺ screen
- Premium marine entertainment system w/ (4) JL Audio speakers, remote, & Bluetooth
- Power-assist steering w/ 13ʺ, 316-grade S.S. steering wheel
- Deluxe helm bench seat w/ flip-up bolster & arm rest
- (2) recessed S.S. cup holders at the helm
- Starboard tilt-out trash storage bin w/ Corian® top & cup holder
- Cushioned L-lounge portside seating for 4 adults
- Insulated, lockable 150 qt. L-lounge storage cooler w/ overboard drains
- Battery select switches w/ parallel capability
- Integrated 30-Amp battery charging system
- Companion grab rail

**Helm**
- Custom fiberglass top w/ powdercoated aluminum frame, integrated VHF box, overhead lights, (6) rocket launchers, & spreader lights
- Large starboard helm storage compartment w/ access door
- Safety glass walk-through windshield
- Large fiberglass entertainment center / wet bar w/ 20 gal. overboard draining livewell, sink w/ fresh water faucet, Corian® counter top, (4) S.S. cup holders, & (4) dry storage drawers
- Storage cabinet under L-lounge accessible inboard (replaced w/ optional refrigerator)
- Insulated 100 qt. port & starboard floor fish boxes w/ diaphragm pumps
- Cockpit LED courtesy lights
- Port & starboard deck caps w/ rod & gaff storage for (4) rods
- (4) gunwale-mounted S.S. rod holders
- Fresh water washdown w/ deck fitting
- Walk-through transom w/ door & heavy-duty latch, (2) S.S. cup holders, and bolsters
- Fresh water pull-out transom shower
- Dual, flush-mounted fold-away aft seats

- Terrific layout for couples, including spacious berth
- Excellent head-sea performer

**Sea of Cortez: Seattle to Maine, 2003**

*Measured keel to top of fiberglass hardtop with no outriggers or electronics installed (not including mast).
### Features

**Bow**
- Lewmar® free-fall windlass for bow pulpit w/ rode, chain, & aluminum anchor
- Dual anchor lockers w/ molded in bow pulpit
- Bow seating for 2 adults
- Recessed walk around area around cabin
- 316-grade S.S. bow rail

**Cabin**
- Queen-sized berth
- Cabin LED overhead lights
- (3) cabin port lights w/ curtains
- Low-profile foredeck acrylic hatch w/ screen
- Lockable cabin door
- Cabin mirror
- Forward storage compartment w/ storage nets
- Storage compartments under berth
- Low-seal teak & holly cabin sole
- Fresh water system w/ 20 gal. tank

**Head**
- Private head area w/ privacy curtain, sink, & shower
- Marine head w/ 15 gal. holding tank & overboard discharge

**Helm**
- Fiberglass top w/ powdercoated aluminum frame, integrated VHF box, overhead lights, (6) rocket launchers, & spreader lights
- Full wraparound tempered safety glass windshield w/ center vent
- Starboard windshield wiper w/ fresh water washer
- Deluxe helm bench seat w/ flip-up bolster & armrest
- Ergonomic dash layout capable of a 10ʺ screen
- Premium marine entertainment system w/ (4) JL Audio speakers, remote, & Bluetooth
- Power-assist steering w/ 13ʺ, 316-grade S.S. steering wheel
- (2) recessed S.S. cup holders at the helm

**Stern**
- Fiberglass entertainment center / wet bar w/ 20 gal. overboard draining livewell, (4) S.S. cup holders, & (4) dry storage drawers
- Port & starboard boarding steps
- Raw water washdown w/ deck fitting
- Port & starboard deck caps w/ rod & gaff storage for (6) rods
- Insulated 132 qt. L-lounge storage cooler w/ overboard drains
- Companion grab rail
- Battery select switches w/ parallel capability
- Shorepower w/ battery charger, cordset, receptacles, & microwave
- Fresh water pull-out transom shower
- Dual, flush-mounted fold-away aft seats

### Engine Packages
- Yamaha 150 HP 4-strokes (twin counter-rotating engines, rigging, controls, S.S. props)

### Accessories
- Entertainment center grill w/ gunwale mounts
- S.S. refrigerator (replaces trash receptacle)
- Removable L-lounge dinette table
- Heavy-duty, reinforced, S.S. lifting eye
- Edson satin-finish steering wheel w/ power knob & nut

### Electronics
- LED underwater lights (blue)
- Electrical conversion kit 220 / 240v power
- Cruiseair® 8,000 BTU heating / cooling unit w/ vents to the cabin & cockpit
- Garmin 110 VHF w/ 8ʹ antenna

### Options
- Hardtop underside color: Fighting Lady Yellow, Tanglewood Tan, Platinum Gray, Ice Blue
- Hull Colors
  - Full-hull or two-tone hull color
  - Fighting Lady Yellow, Tanglewood Tan, Platinum Gray, Ice Blue, Petrol Blue

FEATURES

Bow
• Lewmar® free-fall windlass for bow pulpit w/ rode, chain, & aluminum anchor
• Dual anchor lockers w/ molded in bow pulpit
• Bow seating for 2 adults
• Recessed walk around area around cabin
• 316-grade S.S. bow rail

Cabin
• Queen-sized berth
• Cabin LED overhead lights
• (3) cabin port lights w/ curtains
• Low-profile foredeck acrylic hatch w/ screen
• Lockable cabin door
• Cabin mirror
• Forward storage compartment w/ storage nets
• Storage compartments under berth
• Low-seal teak & holly cabin sole
• Fresh water system w/ 20 gal. tank

Head
• Private head area w/ privacy curtain, sink, & shower
• Marine head w/ 15 gal. holding tank & overboard discharge
• Galley vent w/ exhaust fan & vent to the cockpit

Helm
• Oversized fiberglass top w/ powdercoated aluminum windshield frame, integrated VHF box, overhead lights, spreader light, & life jacket storage
• Full deck-to-top wraparound tempered safety glass windshield w/ center ventilation openings
• Neodynamic fibreglass overhead console
• Starboard windlass w/ forward console
• Starboard helm w/ Simrad 12" MFD w/ Simrad AUTOTURBO
• Power assist steering w/ 12" S.S. steering wheel
• (2) Windshield w/ glass cutting at Barnett Marine
• (2) JL Audio speakers, marine & Bluetooth

Stateroom
• Optional entertainment center w/ fresh water sink & storage w/ Corian® top, S.S. cup holder, & tip-out trash receptacle (optional fridge replaces trash receptacle)
• Port side L-lounge seating for 4 adults w/ cushioned backs & laminated foot rests
• Insulated 132 qt. L-lounge storage cooler w/ overboard drains
• Companion grab rail
• Battery select switches w/ parallel capability
• Shorepower w/ battery charger, cordset, receptacles, & microwave

Options
• Engines: 150 HP 4-strokes (twin counter-rotating engines, rigging, controls, S.S. props)
• Accessories: Entertainment center grill w/ gunwale mounts
• Removable L-lounge dinette table
• Heavy-duty, reinforced, S.S. lifting eye
• Edson satin-finish steering wheel w/ power knob & nut
• Electronics: LED underwater lights (blue)
• Electrical conversion kit to 220 / 240v power
• Cruiseair® 8,000 BTU heating / cooling unit w/ vents to the cabin & cockpit
• Stereo upgrade – JL Audio 800W Amp, (4) speakers upgraded to 6.5" JL Audio M-Series speakers, & (1) additional 10" M Series speaker

HIGHLIGHTS

- Massive step-in bow storage closet with space for anything you can imagine
- Frameless windshield and black dash designed to maximize visibility
- Ample bow and cockpit seating

*Measured keel to top of fiberglass hardtop with no outriggers or electronics installed (not including trailer)
**Preliminary estimate - includes max power and typical options
**FEATURES**

**Power**
- Yamaha 200 HP Digital 4-strokes w/ Command Link Plus® gauge, rigging, controls, & props

**Bow**
- Aggressive bow styling w/ integrated LED docking lights, surrounding fascia, & World Cat lettering
- Deluxe, extremely comfortable bow seating for 6
- Anchor locker w/ (2) hatches & raw water washdown hose in port locker
- Massive starboard storage area w/ easy-access & space to store anything you can imagine
- Insulated 180 qt. port storage compartment w/ overboard drain
- Port & starboard drink holders & 6 qt. personal storage areas under gunwales
- Integrated through-hull concealed windlass system w/ S.S. bractplate, 300ʹ line, 15ʹ chain, & 22 lb. anchor

**Helm**
- Fiberglass top w/ surfboard edge & powdercoated frame; includes radio box, spreader lights, & LED underside lights
- Innovative frameless windshield maximizes visibility – hinged panel leads to bow seats
- Ergonomically-designed fiberglass console enables commanding view; stitched matte vinyl top for high dash visibility in bright light
- Fusion® marine stereo w/ (4) JL Audio speakers, & Bluetooth
- Massive, fiberglass-lined head compartment w/ fresh water head system, 9 gal. holding tank, & overboard discharge
- Head includes Corian® counter, mirror, & toiletries storage
- Available 20 gal. insulated livewell w/ 1,100 gph magnetic drive pump, overboard drain, & clear lid
- Optimus Electronic Steering System

**Cockpit/Stern**
- Versatile double-wide cockpit seat that converts from front to rear-facing w/ easily-operated foot pedal
- Huge fishing area, w/ 360° cockpit bolsters
- Twin in-floor mechanical rooms w/ large hatches that allow easy access / service for bilge, pumps, & other equipment
- Available 10 gal. insulated livewell, & (2) additional 10 gal. port & starboard wells w/ (2) additional 10 gal. port & starboard wells
- User-friendly On-Ramp™ swim ladder & swim platform

**Options**

**Accessories**
- Polished S.S. anchor (replaces standard galvanized anchor)
- Fishing package including 20 gal. livewell w/ clear lid, & (5) rod hardtop-mounted rocket launchers
- Retractable heavy-duty transom-mounted ski pylon
- Bow filler cushion
- Oven Sea Grass cockpit flooring w/ rubber backing & S.S. snaps
- Cockpit grill - 1,300W w/ 2 batteries & inverter charger

**Electronics**
- Single Garmin GPSMAP® 8612xsv 12” multi-touch widescreen Chartplotter / Sonar Combo, Airmar B175M transducer, dark-tinted acrylic dash, Garmin 110 VHF w/ 8’ antenna
- Stereo upgrade – JL Audio 800W Amp, (4) speakers upgraded to 6.5” JL Audio M-Series speakers, & (2) additional 10” 25” marine speakers
- Edson satin-finish steering wheel

### HIGHLIGHTS

- Most spacious dual console in its class
- High-performing hull
- Swift and stable ride

---

*Measured keel to top of fiberglass hardtop with no outriggers or electronics installed (not including Radar).
FEATURES

Head
- Hand / change rooms on 21ʹ model access.
- Triple electrical outlet capable of (1) 120 Volt, (2) 12 Volt.
- 316 S/S plumbing, tank drains.
- Electric flush, holding tank, accessory flush, s/s lid.

Helm
- Fiberglass cap or non-Fiberglass cap, adjustable trim, overhead lights, speedometer lights, s/s lights, gauges lights.
- Safety glass walk-through windscreen w/ wrap-around tinted glass.
- Bimini top w/ door to cockpit.

Hulls
- Fiberglass die or hand | fiberglass cap, adjustable trim, overhead lights, s/s lights, gauges lights.
- S/S seats, head enclosure?
- Drop-in fit 12-gal. boler.

Helm Options
- Additional rod holders on back legs of console.
- Forward starboard w/ 150 qt. insulated seatbox.
- Forward bilge pumps in forward bilge space.
- Forward bilge pumps in forward bilge space.
- Port side fuel filter.
- Port side access to electronics & storage.
- Forward bow pulpit with roller & cleats.
- Forward through console.
- Forward bilge pumps in forward bilge space.
- Forward through console.
- Forward through console.

Hull Colors
- Single color top & bottom: Dark Red, White, Black, Dark Blue, Stardust, or Teal.
- Multicolor: Stardust (top) & Black (bottom).
- Single Garmin GPSMAP® 8612xsv 12ʺ multi-touch & chartplotter / sonar combo.
- 8612xsv 12ʺ multi-touch & chartplotter / sonar combo.
- Airmar B175M transducer, dark-tinted acrylic dash, Garmin 110 VHF antenna.
- Optima Electronic steering system.

UNMATCHED VERSATILITY

FISH, CRUISE, DIVE, ENTERTAIN, EXPLORE. YOU CAN DO IT ALL IN A WORLD CAT.

People all around the globe choose to own World Cat boats because there is nothing these boats can’t handle. Whether it’s the skinniest waters or the deepest waters, a short trip or a cross-ocean adventure, these boats were made for it. World Cat owners understand that the path less traveled isn’t just a path; it’s a lifestyle. They know what they enjoy doing, they do it well, and they will never settle for a boat that can’t keep up. That’s why they own a World Cat.
ONE RIDE WILL TELL YOU EVERYTHING YOU NEED TO KNOW

THE ULTIMATE SEA TRIAL™

Thousands of customers around the world have chosen World Cat to deliver a better boating experience. Shouldn’t you learn why? You can with a free, no-obligation Ultimate Sea Trial™ available from your local World Cat dealer. On board, you’ll see just how smooth, how comfortable, how stable, and how much fun a boat can truly be.

We’re certain that once you experience the advantages of a World Cat… once you discover a boat that can let you go out in conditions that force others to stay at shore… once you see, feel, and touch the quality fit and finish we build into the power catamarans we make… you’ll never want to go back to an ordinary boat again.
