

# LV10

## LV10

LENGTH	BEAM	WEIGHT	OAR SIZE	FREE-BOARD	MAX HP	SHAFT LGTH	CAPACITY	DRAFT	PERFORMANCE
123"	62"	210 lbs	7'	20"	10 hp tiller	15"	700 lbs (4 persons, motor and gear)	5" w/ 9.9 hp motor & fuel	Top Speed w/ 1 person is 20 mph, 2 people is 16 mph (w/ Yamaha 9.9 4-stroke)

The LV10 is a serious one man fishing machine that you can handle yourself yet it has room for a mate and plenty of gear. When not on the water, you can haul with a trailer, stow in your truck bed, or use it as a car topper. The LV10 is also the perfect tender for those wide body yachts. With added side reinforcements, the LV10 will store on your aft platform with ease.

### STANDARD FEATURES

- 100% composite construction (completely wood-free)
- Hull side reinforcement for davit support
- Unique twin hull design with tunnel lift appeals to shallow water enthusiast as well as those who like to fish in deeper waters
- Buoyancy in twin-hull design allows more load bearing capacity, shallow draft, quicker planning, and a smoother ride
- Twin-hull design provides more interior space than competitively sized mono-hulls
- Twin hull design performs with smaller, lighter, and less expensive motors for better fuel efficiency
- Constructed with high-gloss MAXGUARD exterior gelcoat, 24-oz hand laid woven roving, and durable flat interior finish with contrast webbing
- Reinforced outboard transom, fabricated with 1" thick Penske composite board encased in fiberglass that will not rot
- Laminated-in fore and aft foam-filled seats that will not absorb water plus a laminated floor that seals each sponson creating two separate air chambers provide tremendous buoyancy and stability
- Curved SPRAY GUARD gunwale & protective gunwale edge trim
- (2) transom thru-hull drains that self-drain while underway
- (1) Stainless bow eye and (2) molded oarlock sockets
- Built-in battery and tank storage

### ACCESSORIES

- Stainless steel keel strips, on each sponson
- Bow rail
- Low profile helm station w/rotary steering
- Low profile swivel and folding console seat

### MOTORS

Yamaha 9.9 HP 4-stroke with prop (F9.9SMHA)

Boat and motor performance is tested and verified only with Yamaha engines sold as a package by an authorized Livingston dealer. We cannot guarantee performance nor make recommendations for other engines.

Since 1967 Livingston Boats has been known for integrity, reliability, and affordability. With 75,000 customers we are the largest cat hoat brand in the world.
